

Aalborg University, Department of Electronic Systems

Fredrik Bajers Vej 7B1, 9220 Aalborg, Denmark

Web page:

<http://www.es.aau.dk/sections/navigation-and-communication>

Contact: Prof. Dr. Sc. Techn. ETHZ Bernard H. Fleury

Phone: +45 9940 8629

Fax: +45 9940 9840

E-Mail: fleury@es.aau.dk

Research Topics:

Radio channel characterization:

- * Measurement
- * Estimation
- * Modelling

Positioning and navigation

Signal and Information Processing for Wireless Communications

Comments :

Antennas, Propagation and Radio Networking

Niels Jernes Vej 12
9220 Aalborg East, Denmark

Web page:

<http://www.es.aau.dk/sections/apnet/home-apnet/>

Contact: Gert Frølund Pedersen

Phone: (+45) 9940 8727

Email: gfp@es.aau.dk

Research Topics:

Massive MIMO measurements

High-speed, multiband, multisite MIMO measurements

Vehicle-to-vehicle MIMO measurements at highway speeds

Multiprobe over-the-air (OTA) device performance measurements

Radio on fiber connection for small antenna devices

MIMO channel measurements with user involvement.

Diffuse scattering models indoors and outdoors
